

Behavioral:

1. What is F5 network?

F5 is a consulting company which work with other organization to provides security services solution for the websites, app onprem or in cloud Big - ip - load balancer is the first product

- Also offered ADC technology but expanded to multi-cloud security services

2. Give me an example of a time you faced a conflict while working on a team. How did you handle that?

- While working on end to end automation with another team member faced a bit of difficulty with concise way of coding. My approach was to properly provide the comments and variable names and other team member was very spontaneous
- define a comprehensive set of guidelines that outlined best practices for code organization, variable naming, and error handling, among other aspects.

3. Tell me about a time you needed to get information from someone who wasn't very responsive. What did you do?

- I had dependency on a senior software developer for building my automation script within time period. Despite multiple followups no response.
- CC'ed Managers to get the relevant data

4. Give me an example of a time you managed numerous responsibilities. How did you handle that?

- Training new members and taking interviews and working on project with deadline
- Urgency and important divided my tasks and worked on the priority ones after discussion with my manager

5. Give me an example of a time when you were able to successfully persuade someone to see things your way at work.

- 300 +form manual testing
- Demo to automate the restful api of the form

6. Tell me about your most proud professional accomplishment.

In LTI so we got the requirement to test 300+ internal forms manually so I had

Built an automated solution which automated using RestAPI and postman

And i convinced my manager by building a small POC for this

And I received a most valuable player for automating this saving 1 man hour per day

'Most Valuable Player' for creatively automating Rest API testing of 300+ internal forms, saving 1 man hour/day

7. . Tell me about a time when you worked under either extremely close supervision or extremely loose supervision. How did you handle that?

- I collaborated with supervisor on daily basis seeking clarification and feedback which maintained open communication about my work

8: Mistake?

- In understanding requirement

"What excites me most about this internship at MathWorks is the chance to work with a team known for innovation. I'm eager to contribute to important projects and learn from experts in the field. It's a great opportunity to expand my skills and knowledge in a dynamic environ

- Worked with seniors and stakeholders and got the issue fixed

9. Challenge?

- Influx of workload since there was a budget cut
- Team member released from project
- Meeting with manager discussed key priorities and reassigned tasks

10. Have you ever experienced a situation in which things did not work out well for you?

- Not able to automate on time some scenarios didnt cover
- Root cause analysis meeting
-

Yes currently i am on f1 visa i will start my cPT from may and after 2028 i will require H1 Sponsorship to work
